*Unlock the full potential of this resource with either a Full Site licence or a VLE licence and automatically receive annual updates on the anniversary of your initial purchase. A Full Site licence gives you maximum flexibility to use the resource on any computer within the institution including a networked room and crucially, permits student access to all or part of the resource. A VLE licence allows student access from home and is very popular with parents, particularly for Level/GCSE revision (or re-running lessons) via the free PowerPoint Viewer supplied by Microsoft Corporation at www.microsoft.com/downloads. The VLE must be secure. You have the right to cancel the annual subscription in accordance with the licence agreement and terms and conditions as set out on the Website. A printed copy is available on request.
